**LABOR LAW  
SOLUTIONS**

Practical Solutions for Today's Workplace

Labor laws—and how they operate in the marketplace—are in flux. From 2008 to 2017, members of our Traditional Labor Relations Practice Group presented the Not Your Father's Labor Environment seminars, which took place during a time when the labor law environment shifted dramatically in favor of unions. As the pendulum begins to swing in the opposite direction, we are pleased to announce our new program, Ogletree Deakins' Labor Law Solutions, which is focused on the labor landscape for today's—and tomorrow's—workplace. Our goal is to continue to provide a state-of-the-art labor law program where employers can gather with colleagues to learn the key information they need to have successful labor strategies now and in the future.
